Dear Sir

## **MIDDLE EAST SALE**

IFS Construction Services Limited (ASX: IFS) is pleased to announce that it has received confirmation of a second sales contract from Qatar. The sale value is A\$1.265M and is to supply IFS Shoring Systems for a bridge deck support with wall, formwork and special custom design of steel column formwork. The first contract secured was announced to ASX as part of our business update on 2<sup>nd</sup> November.

The project is the new multi-billion dollar Doha international airport which is due to open in 2011. Qatar is investing billions in infrastructure development as part of plans to become a transport hub between Europe and Asia.

Qatar is a rapidly growing market and is the world's largest gas exporter. Many more opportunities for IFS services exist not only in Qatar but throughout the region.
