### **About IFS:**

IFS Construction Services (IFS) provides scaffolding and formwork services to the building and engineering construction industry.

International Formwork and Scaffolding was established in January 2008 by a group of executives who had previously been pivotal in the development of the then industry leader PCH Group Ltd, which was taken over by UK based Cape Industrial PLC in December 2007. IFS have established offices in Perth, Sydney, Singapore and Bahrain to provide a comprehensive regional service.

In September 2008, Perth based Hire Access Scaffold, which has been providing scaffolding services in Western Australia since 2000, was acquired and the two businesses were subsequently merged. In July 2009, IFS merged with ASX listed Advanced Ocular Systems Ltd and was then renamed as IFS Construction Services Limited (ASX code: IFS).
